

**COTTAGE GROVE ANIMAL HOSPITAL**

**INTERNET PHARMACY RELEASE FORM**

Internet Pharmacies often offer better prices than those that can be provided by smaller individually owned veterinary hospitals due to their ability to purchase products in extremely large quantities. Unlike medications and products supplied by our clinic, manufacturers do not stand behind products supplied by Pet Meds Express, Drs. Foster and Smith, or other internet companies. In the event of drug inefficacy or adverse reactions to your pet, guarantees and warranties are null and void. There have been cases of fraudulent products being sold as well as illegal dispensing of drugs not licensed for use in the United States. Also, if you do choose to use an internet pharmacy, please be sure to check prescribing dosages of medications due to increased risk of inaccuracy.

In order to provide products at a more competitive price and continue to be able to provide these products with the same level of trust that we have when we dispense the products from our clinic, we have teamed with VetSource Home Delivery to create an on-line pharmacy. All products purchased through our website are backed by the manufacturer's warranty.

If you care to shop at our on-line pharmacy, simply go to our website [www.cottagegroveanimalhospital.com](http://www.cottagegroveanimalhospital.com) and follow the simple instructions. Any request will be relayed to our clinic and, if approved, will be shipped directly to your house.

If you use another internet pharmacy then you must sign and return this form which indicates that Cottage Grove Animal Hospital will not be held responsible for any and all mistakes made by these pharmacies. This form will be null and void 1 year from date.
